Interlock	Optional

The ProMedUSA Model SGWV-K4 Series Ozone Generator is a small, lightweight wall mounted unit that can produce 4gm/hr of ozone with a dry air feed, and 7gm/hr of ozone with an oxygen feed.

It has a universal power supply, and is designed and engineered to run 24/7 flawlessly.

The SGWV-K4 series uses our sealed proprietary 316 Stainless Steel and Quartz Electrodes (Made in the USA) to achieve consistent high ozone output level and concentration.
